## T01050 - Az PowerShell module version 9.2.0

The new Azure tenant agent now requires the [Azure Az PowerShell module](#) version 9.2.0 or above.

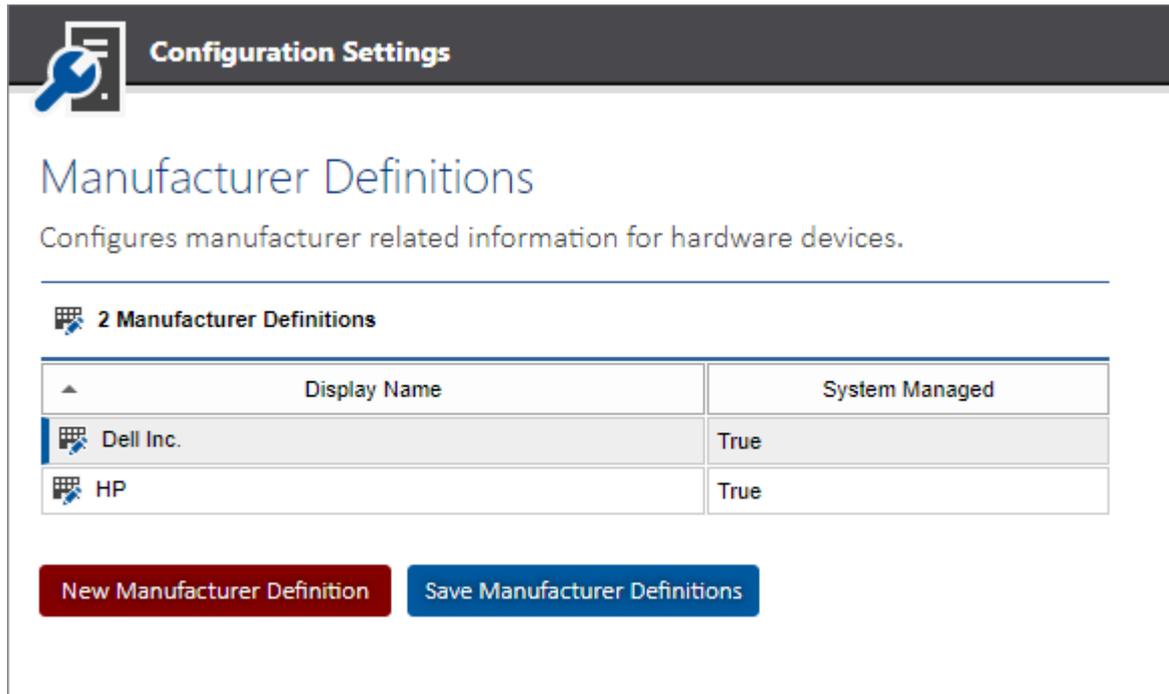

The [Azure Az PowerShell module](#) must be upgraded using the PowerShell command

```
Update-Module Az
```

# T01032 - Manufacturer Definitions Data Model

The manufacturer definitions data model and corresponding user interface has been updated. Customers using Manufacturer definitions should review this in the configuration.
